While revision and upgradation of the syllabi is done at the University level, the college has a mechanism for effective, documented curriculum delivery. At

the commencement of each academic year, every faculty member provides the students with individual time plans and reading lists for each course which are displayed in the classrooms. These time plans are adhered to, so that the student is able to gauge with a degree of clarity, what portion of the curriculum will be delivered within the stipulated time frame. These time plans are also preserved each year as documentation.
